Attention: Athletic Training and Sports Medicine Departments

On behalf of The Greater Houston Athletic Trainers' Society, we would like to invite you to the 2021 Student Athletic Trainer Workshop. It will be held on January 16th, 2021, at Katy ISD's Paetow High School.

This workshop is a completely FREE, educational experience for high school student athletic trainers; and, it serves to help mentor and foster the need for continual learning, better communication strategies, as well as learning how to network with other students and athletic trainers. Our hope is to provide our student athletic trainers with many college and university interactions in order to increase the odds of them finding the ideal place to continue their careers. Ultimately, the goal of the GHATS College and University Committee is to bring together students and institutions that might not make a connection outside of this experience.

The Workshop also provides a platform for our College Membership to get involved and network with over 200 Houston-area Athletic Trainers, as well as the visiting Athletic Trainers on site to recruit. GHATS established the College Membership in 2014 to (1) provide older students with a network opportunity and (2) provide GHATS Members with the opportunity to recruit new Athletic Trainers to our area and encourage their involvement within the organization.

If you are available, we would be delighted to have you in attendance. You would be hosting a table in the College/University Section and would be able to speak with many teenagers throughout the course of the day, in addition to networking with other area Athletic Trainers.

Our students will be divided into four different categories: Beginner, Intermediate, Advanced and College Bound. Each group of students will have a set time to tour the exhibits and all of the college and universities; last year almost 1,000 students met with 20 college and university Athletic Training Programs.

If you are able to attend, please R.S.V.P. with us before December 1st. All our registration information can be found at www.ghats.org by clicking on the "Workshop Information" tab at the top of the page then "College Recruiters". Thank you for helping our students and for helping them achieve their goals. If you have any questions, please contact us at: college@ghats.org.

Respectfully Yours,

Sam Sorrell, MS, LAT, ATC

GHATS College and University Committee Chair
