### **TRACKS**

**(Please check only one) BASIC TRACK** \_\_\_\_\_ **ADVANCED TRACK** \_\_\_\_\_

**BASIC TRACK:** Designed to benefit the high school student with little or no prior athletic training experience, it is a supervised study in athletic training including: Developing taping skills, the role and responsibilities of an athletic trainer and perfecting the skills necessary to prepare athletes for practice and competition.

**ADVANCED TRACK:** Designed for the advanced high school student, junior college or coaching staff member who has previous experience working with injured athletes, this session covers additional information on rehabilitation, evaluation techniques and specific taping procedures.

### **FACILITIES AND HOUSING**

Clinical coursework and classrooms will be stationed in the TCU athletic training room facilities. Recreational facilities will be available during free time, and fun activities or relaxation time takes place in the evenings. Participants will be housed on TCU's campus and will enjoy meals served in the BLUU, a fine university dining hall.
